

Good Point Recycling Fees

Electronics re-use and recycling

802 – 382 - 8500

(Effective May 2003, Subject to change with market conditions)

Material Recycled	Processing Fee Per pound FOB Middlebury/Gardner* Add 3-6 cents for trucking, 6K lb minimum
Districts/Exclusive contracts: <i>Highly sorted or tested, unscavenged, computers only, inventoried, long-term contracts, etc. Special free service for certain brands of equipment in volume.</i>	Call for pricing
Unscavenged computer equipment (including CPUs and untested monitors, sorted)	.12
Mixed Electronics: Scavenged PCs, Mixed computer and TVs, VCRs brown goods, etc.	.15
Brown Goods / TVs <i>(or scavenged, wet or damaged items) or any hand-packed, unstable loads not accessible to pallet jacks</i>	.18
<i>Other items accepted with mixed electronics or brown goods pricing: Sewing machines, typewriters, radios, stereo equipment, microwaves, etc.</i>	

Good Point Recycling's average collection fee is .05 per pound for 6000 lbs. or more of material, but these fees vary by state. Call for specific pricing.

A minimum collection fee of \$600 applies to attended all-day collection "events". Ask about our "turn-key" service contract (you provide the site and advertising, we collect all fees from participants), and about redistribution of repaired items in partnership with charities in your area.

PO Box 1010, Middlebury, Vermont. Plant located at 47 Exchange Street
